Bill,

Thank you for getting back to me regarding the meeting.

I really wanted to be at this meeting but I do not have Superfunds to attend all meetings until I get Walker River's Superfund dollars from EPA.. Please keep us informed.

Best Regards,

Subject: Yerington Anaconda Meeting

Good afternoon,

The exact meeting time has not been established, but I checked with Greg Lovato's secretary and he has blocked out 9 to 12 on January 20 for a meeting with Yerington here in Carson City at NDEP, in the Ponderosa room. Apparently Yerington was waiting to find out if a certain party was available at that time. But at least we've narrowed down the date and a block of time. Thank you and have a great weekend,

Bill
